What is the census?

The census is a survey of everyone in Northern Ireland. It counts people and housing, and allows us to understand the characteristics of the people who live here. The next census in Northern Ireland will be in 2021.

Who runs the census?

The census in Northern Ireland is organised by the Northern Ireland Statistics and Research Agency (NISRA).

How does the census help me?

The census provides information on all of us. Government uses it to fairly share out funding to make policies, and to plan and run public services. So it is vital that we get this right.

Why are we carrying out a Census Test now?

The Census Test asks questions about you and your household. We are testing questions to make sure that the 2021 Census questionnaire is as easy as possible to complete.

Why did I get this?

Your household was selected at random from a list of all addresses in Northern Ireland. Your participation is completely voluntary.

Who in my household should complete the questionnaire?

Up to two people aged 16 or over can complete the questionnaire. If you are the only person aged 16 or over, then only you should complete the questionnaire.

What do I need to take part?

All you need is the unique online access code from this letter and any device that allows you to get online – computer, smart phone, or tablet.

What do I do?

Go to www.nisra.gov.uk/censustest, select 'Start Questionnaire', enter your unique online access code, and complete the questions.

Who will see my information?

Your personal information will be kept confidential and protected by law.
