Fuel for domestic or industrial use		
Fuel for use in electricity generation		
<b>TOTAL</b>		

Details of person to be contacted, should questions arise about this return:

**Name:**

**Position in business:**

**Telephone number:**

**Date completed:**

## Annual Inquiry on Imports of Coal and Other Solid Fuels: Notes on Completion

- This statistical inquiry covers all types of solid fuels including coal, anthracite, lignite, coke and manufactured smokeless fuels.
- All solid fuels imported from GB or from another port in NI should be classed as **cross-channel**.
- Imports from outside the UK, including solid fuel imported from ports in the Republic of Ireland, should be classed as **foreign**.
- Fuels should be classified according to the use for which they were imported; either **domestic or industrial** or **for the generation of electricity**.
- Please email your completed form to: [steven.roberts@nisra.gov.uk](mailto:steven.roberts@nisra.gov.uk).
- Alternatively, you can just email your tonnage figures without using this form, but if doing so, please indicate clearly:

**(a) cross-channel / foreign imports; and**

**(b) use (domestic or industrial / electricity generation).**

Thank you
